

# A Laptop Stand made of Wood

Stood's Laptop Stand is **hand-made** out of two parts of quality beech wood that are assembled together forming a cross.

After being disassembled, the two parts can be fastened to the laptop using the rubber band, creating a **convenient way of transporting it**.

The **HQ silicon band** included allows the user to secure the laptop on top of the stand, facilitating its mobility while avoiding accidental bumps.

All items are individually packaged.  
Packages are customised with stickers,  
ink/burning stamps or screen printing.

1-3  
DAYS

Starting from a minimum of 50 items  
the Laptop Stand can be customised

We use FeDex International Priority
